BEFORE

AFTER

1. After applying the tile adhesive:

- Slide the clips under the tile.
- According to the size of the tile, one or more clips per side.
- Tapping the tile.

2. Screw the cap onto the clip.

3. Turn the cap all the way to the end and tighten it to level the tile.

4. Once the tile adhesive is fully cured, the clip and cap must be removed. To do this the clips with a hammer or with your foot in the direction of the joint. Unscrew the cap from the broken clip for reuse.
